

5 Spring Beauty Essentials (And What To Toss)

Posted Tuesday March 1st

The following post is written by our new guest writer, celebrity makeup artist Gina Brooke.

Intraceuticals Rejuvenate Daily Serum

As you age, hydration becomes ever more critical. When skin is dehydrated, fine lines and wrinkles are enhanced, so why wouldn't you want to combat that? I highly recommend this serum, which can be used day and night, and works on all skin types. Not only does it hydrate skin, it has antiaging actives that improve the skin's texture and radiance.

Intraceuticals Rejuvenate Daily Serum (\$189)
