India privy to Hollywood's Best Kept Secret

Hollywood's best kept secret of the stars 'Intraceuticals Infusions' is now available in India. Established in Melbourne, Australia in 2002 Intraceuticals is an elite line of spa treatments and complementary skin care products founded on innovative and unique technology. The brands' signature treatment, Intraceuticals Infusions, use oxygen under pressure and cutting edge hyaluronic acid technology to deliver targeted skin care serums deeply hydrating the skin. These specialised treatments and accompanying skincare products target the most common skin issues with instant visible results and dramatic accumulative effects.
