Intraceuticals now in India

Intraceuticals infusions and skincare products are pleased to announce their official foray into the Indian market. Bangalore-based Medihauxe International have been appointed the exclusive distributor for Intraceuticals in India. Mr. Collen Chan, Director, Asia & Middle East and Ms. Patricia Steel, International Trainer will be visiting New Delhi to announce launch and support the promotion with presentation, live demonstration and media interactions. The brands' signature treatment, Intraceuticals Infusions, uses oxygen under pressure and cutting edge hyaluronic acid technology to deliver targeted skin care serums deeply hydrating the skin. These treatments and accompanying skincare products target the common skin issues.
