Super Duper Skin Care

Skin care is getting more and more advanced, so there's no excuse to not love the look of your skin. Check out my picks for some skin care that has been giving my skin the royal treatment.

The Beautiful Moisturizer

I've been prepping my client's skin with [Intraceuticals Opulence Moisture Brightening Cream](#) because it adds so much radiance to the skin, I'm cutting down the amount of foundation I use on them by half. I wore it today by combining it with a drop of liquid bronzer which made my skin practically glow. How many moisturizers can make your skin look that good instantly?
