The 'solve anything' facial

Miranda Kerr swears by it, John Galliano calls it his "ultimate secret weapon" and now Intracuticals's Infusions Facial, from £125 (020 7969 2780), is about to land on our shores. It uses hyaluronic acid and therapeutic-grade oxygen to deliver specialised serums to the skin - and can be tailored to your needs. The A-listers love it and so do we.
